

**VIVEKANANDA
EDUCATIONAL
& CULTURAL
CHARITABLE
TRUST**

THE LEGACY 29 YEARS OF SELFLESS SERVICE.

Vivekananda Educational and Cultural Charitable Trust takes pride in its name as it commemorates the everlasting memories of the LEGEND, SWAMI VIVEKANANDA who popularised the concepts of Hinduism, Vedanta and yoga to the Western world. Way back in 1994 the trust was officially inaugurated by Sampoojya Mridananda Swami of Sri Ramakrishna ashram, Puranattukara. The Trust is approved in accordance with section 12A (a) of the Income Tax Act and Section 80G (5) (vi) of the Income Tax Act of 1961. Additionally, it is also registered with DARPAN through NITI Aayog, Government of India.

Trust believes that humanity should be our race, love should be our religion and kindness should be our philosophy. Another commitment the trust upholds is molding a generation with values and the heritage of our tradition. Trust is dedicated to teach and encourage children to love and respect their country with a feeling of pride. To this end, Trust has established schools across Thrissur District fostering national development with and in anticipation of the assistance, co-operation and significant public involvement of like-minded people.

THE CHANGE WE CONCEIVE AND NURTURE

Creating a bright new generation that values and respects the rich and varied heritage of our culture.

A comprehensive updating of urban people of the high-tech advanced treatment that is the need of the hour.

Initiating Senior citizens friendly environment addressing their needs and rights.

OUR APPROACH

- Rejuvenation of forgotten old values and ideals during the course of time,
- Providing a quality life to the downtrodden sections of the society.
- Equal opportunity to all irrespective of the cast, creed and socio-economic status.

OUR GOALS

1. To provide a quality value based education following the National Education system resulting in formation of good citizens to make India, a better India.
2. To establish library services accessible to all propagating the invaluable treasures of ancient India.
3. To provide medical care to poor, needy and tribal sectors.
4. To establish Bala and Balika Sadanams to empower the underprivileged.
5. To establish research hubs for social and scientific advancements.
6. Validation of organisations for exceptional work in Indian culture.

OUR SUCCESS AT A GLANCE

No success is success, if it doesn't benefit the society. The trust continues its journey over the years, currently with five schools, a dormitory, 250 employees and 3500 kids as part of its family.

The journey of almost three decades:

MESSAGE FROM US

Even though there are significant improvements in India's living standards and literacy rate, we all know that more development is required to stay tuned with the demands of the time. To make this happen and to ensure sustainable development, what we need is a long term strategy with short term actions and people with untiring spirits. Winning becomes a habit when you never give up on your dreams.

We anticipate that there won't be any more homeless people, impoverished villages or children who are unaware of our history and legacy in a few years. To achieve this dream of ours, we appreciate your encouragement and support as we seek to lessen the suffering of those who are less fortunate.
